AT PLAYER 2, WE BELIEVE EVERY MARIO NEEDS A LUIGI.

Player 2 is a video game social networking and team building application – whether a gamer needs teammates to complete an immediate activity, wants to make new friends to game with, or would like to join or start a gaming community, the app is designed to help gamers find the community where they play best, no matter who they are.

PLAYER 2 CONSISTS OF A PLAYER TAB AND A NAVIGATION MENU OF 5 SECTIONS:

- Matchmaking
- Playgrounds
- LFG
- Messaging
- Game Hub

PLAYER TAB

The screenshot shows the Player Tab interface on a mobile device. At the top, there's a navigation bar with signal strength, 'Verizon' network, time '11:42 AM', and battery level '92%'. Below the navigation bar is a profile section featuring a green circular icon with a white star and laurel wreath, the name 'OnYourLeft', and the title 'HERO'. It also shows 'Lvl 11' and '1,000 P'. Below this are several menu items with right-pointing arrows: 'Friends', 'Game Library', 'Preference Survey', 'Player Card', 'Player Level', 'Customize', and 'Player 2 Store'. To the right of the 'Player 2 Store' item is a small red button with the text 'Watch Ad For Coins' and a play icon. At the bottom left is a gear icon, and at the bottom right is an envelope icon.

The **Player Tab** is the focal point of a Player's account:

- Sync with your gaming platforms
- Display your gaming history
- Build your friends list
- Customize your settings
- Show off who you are on your **Player Card**

This is also where you'll fill out (and update) your **Player Preference Survey** to define your qualities as a gamer – to be used in our matchmaking process.

THE 5 FUNCTIONS

Matchmaking

Using our matchmaking algorithm, Players are shown potential matches based on their Player Preference survey answers. Two swipes right, and it's time to say hello.

Playgrounds

Playgrounds are your place to follow, stay informed on, and participate in everything gaming related. Follow your favorite media outlets, developers, & streamers, and participate in community forums by posting text or linked video, creating custom gaming events, and reacting to or commenting on posts.

LFG

An acronym for Looking For Group, Players post here when they're looking for an activity to join or want to recruit another player.

Messaging

This is where you say hello. Just like texting, but you don't have to give out your phone number or even leave the app.

Game Hub

The Game Hub acts as the focal point for content in the app. We bet you know what to do – scroll vertically to see all the various notifications, and click whatever you're into to get more info.

FREQUENTLY ASKED QUESTIONS

When will Player 2 release?

Player 2 is scheduled to launch 2021. Players can register now on player2app.com to become an early adopter, or Player 1. Player 1's can stay up to date with the latest Player 2 news, get first access to the newest Player 2 features, give us feedback on the app, and receive exclusive perks like the Player 1 Profile Flair and Color Theme.

Where can I use Player 2?

Player 2 will be available at launch as a mobile app on iOS and Android, as well as on the web at player2app.com.

Can I sync Player 2 with my other gaming platforms?

At launch, the app will be able to sync with Xbox, PlayStation, Discord, and Steam. Additional syncing functionality, including with Nintendo, Twitch, and Facebook will follow in an upcoming update.

How much does Player 2 cost?

Player 2 is free to download and use. However, Players will have the option to upgrade to the Pro subscription for \$1.99/month or \$11.99 for 1 year. Player 2 also has an in-app currency called Player Coins, used to buy upgrades ranging from Profile customization to themed SFX packs. Player Coins can be earned through leveling, rewarded for watching ads, or purchased.

What is Player 2 Pro?

Player 2 Pro is a paid-subscription upgrade designed primarily to help competitive gamers find their ideal teammates - using keyword player trait matching. In addition to Pro matchmaking, Pro subscribers will receive priority LFG queuing, a Player 2 Pro profile flair and color theme, and the removal of interstitial ads.

FREQUENTLY ASKED QUESTIONS

How do I create an account?

To register, you will need to provide your name, email, and a password. Once your account is created, you can then sync your account with your gaming platform accounts.

How will my personal information be used and protected?

No personal information provided to Player 2 will be disclosed under any circumstances. Only blind statistical data trends will be monitored to evaluate the viability of features within the app.

Are there Parental Controls?

Player 2 is for users aged 13 and older. Players aged 13-17 will only be matched with like-aged users.

Is there a Code of Conduct?

Yes. The Code of Conduct is detailed in-app and specifies forbidden content and language. Controls are also in place to report offensive content - requisite action will then be swiftly taken by the Dynasty 11 team.

Are there Games in Player 2?

Yes! Player 2 itself is designed like a game. By completing various actions throughout the app, Players rank up their Player Level. Through leveling up, Players receive rewards including Flair, Color Themes, and Player Coins. Additionally, Player 2 has in-app mini-games created by Dynasty 11 Studios.

How can I support Player 2?

Sign up on player2app.com as a Player 1 to get exclusive founder rewards, contribute to our Kickstarter campaign launching on 4/22/21 @7:00 EST, and follow Player 2 on social media!
